- Within 15 minutes of Mahoney, Platte River and Louisville State Recreation Area

The year is 1938. Joe Pendleton, amateur pilot and would-be boxing champion is snatched into the afterlife before his time. When his body is cremated, the Heavenly Messengers try to rectify the situation. They place Joe's spirit into the body of an aging Wall Street tycoon! Will Joe find happiness and love in his new life? A lovely and honest story for the whole family to enjoy.
